

Future. Funding. Now

Revolutionising property transaction funding

Transform your property transactions in 24 hours

TransBridj is a cutting-edge fintech platform that's redefining how property transaction funding works. We've eliminated the traditional delays and friction points, reducing funding timelines from days to just **24 hours**.

THE PROBLEM WITH TRADITIONAL BRIDGING FUNDING:

- Days of paperwork and bureaucracy
- Multiple approval stages causing delays
- Cash flow gaps affecting business operations
- Uncertain timelines disrupting transactions

THE TRANSBRIDJ SOLUTION

A fintech platform that leverages smart technologies for automation and seamless digital integration, ensuring instant fee settlements, unlocking liquidity and removing friction from property transactions.

Who we serve

FOR ATTORNEYS

Transform your practice cash flow with instant solutions:

- **Instant fee settlements** upon transaction completion
- **Seamless integration** with existing practice management systems
- **Reduced administrative burden** and cash flow concerns
- **Predictable income streams** for better business planning

FOR PROPERTY SELLERS

Access your equity when you need it most:

- **Unlock liquidity** before transaction completion
- **Bridge cash flow gaps** during extended sale processes
- **Maintain control** while accessing needed funds
- **Flexible terms** that work with your timeline

FOR REALTORS

Provide exceptional value to your clients:

- **Accelerate deal closures** for clients
- **Provide additional value-added services** beyond traditional real estate
- **Strengthen client relationships** through innovative funding solutions
- **Competitive advantage** in the marketplace

Our core technology advantages

SPEED

Market-first 24-hour funding:

- Approval and disbursement in under 24 hours
- Automated assessment processes
- Real-time status updates throughout

EFFICIENCY

Seamless digital integration

- Smart technology eliminates manual bottlenecks
- Automated processes reduce human error
- Digital-first approach with minimal paperwork
- Integration with existing business systems

SECURITY

Bank-grade protection

- Advanced security protocols protecting all transactions
- Fully compliant with financial services regulations
- Data encryption and secure processing
- Regular security audits and updates

THE TRANSBRIDJ DIFFERENCE

Traditional bridging funding	TransBridj Solution
Days of paperwork	Digital application process
Multiple manual approvals	Automated assessment
Delayed settlements	24-hour funding
Hidden fees	Transparent pricing
Uncertain timelines	Guaranteed speed

Key benefits:

- ✓ **Immediate liquidity access** for property transactions
- ✓ **Reduced transaction risk** through faster settlement
- ✓ **Competitive rates** with transparent fee structure
- ✓ **Dedicated support** throughout the entire process

Proven track record

We're trusted by industry leaders who rely on our platform for critical transaction funding:

OUR PARTNERS INCLUDE:

- Van Staden & Associates (attorneys, conveyancers, notaries)
- Aucamp Inc (attorneys, notaries, conveyancers)
